

Studio Consultations

*Expert Assistance with
Research Proposals & Protocol Design*

Have an upcoming grant submission? Are you developing a novel protocol? Could you benefit from expert review in **biostatistics, biomedical informatics, regulatory and ethical concerns, and protocol design?**

ACTSI Studio Consultations provide a **one-stop venue** for expert advice to help produce **successful grants** or improve **study design** and **data management**.

Your colleagues have said:

“Studio Consultations are a great opportunity to **discuss grant ideas with experts**, to better **integrate basic and clinical studies**, and **manage data analysis**”

For information and scheduling, visit www.ACTSI.org or scan the QR code

Available to all faculty and pre- and post-doctoral researchers at Emory, Morehouse School of Medicine, and Georgia Tech
